casey.wisness@minnprm.com

PROJECT DETOUR

This notice is to inform you that School Boulevard from Highway 25 to Cedar Street will be closed in both directions starting on or shortly after May 27, 2025. The official detour will be set up to use Dundas Road, however Chelsea Road is also an option for your employees, customers, and vendors. This segment of School Boulevard is anticipated to be reopened around the middle of June.

An exhibit of the planned detour is included on the back of this page. If you have any questions or concerns regarding your specific property or the construction, please call Jon Halter. For other project questions, please call Craig Jochum or Ryan Melhouse. Project contact information is provided on the left.

ADDITIONAL INFORMATION

Additional project information and project updates can be found on the project website at:

MonticelloMN.gov/675/School-Boulevard-Roundabouts

DETOUR ROUTE – USE DUNDAS ROAD
